	Elective/Minor/2nd Major	3	Elective/Minor/2nd Major	3
	Elective/Minor/2nd Major	3	Elective/Minor/2nd Major	3
	Elective/Minor/2nd Major	3	Elective/Minor/2nd Major	1
<b>Total</b>	<b>15</b>	<b>Total</b>	<b>13</b>	
<b>Total</b>			<b>Grand Total of Credits</b>	
			<b>120</b>	

#### Notes:

Following this plan will allow you to complete your B.S. degree in Economics in four years (eight semesters), assuming you meet minimum performance expectations in all courses. Give careful attention to course prerequisites, as they are strictly enforced. If you choose to earn your degree over a period longer than four years, the basic sequence of courses shown above will still apply in most cases. If you decide to deviate from the recommended sequence, you should consult with the College of Business Center for Student Excellence for assistance in developing an alternative plan.

Students of economics must earn at least a C- in all of their major courses, and a minimum of 2.25 GPA in the major. Economics majors can choose a minor and additional elective courses in a field that fits their career goals - for example, those with an interest in environmental policy can elect a minor in environmental studies.

<sup>1</sup>Economics majors are required to take **three** ECO Electives at 300/400 level (9 credits).
