Note: Following this plan will allow you to complete your B.S.B.A. degree in accounting with a minor in business in four years (eight semesters), assuming you meet performance expectations in all courses. You should give careful attention to course prerequisites, as they are strictly enforced. If you choose to earn your degree over a period longer than four years, the sequence of courses shown above will still apply in most cases. If you decide to deviate from the recommended sequence, you should consult with the College of Business advising center for assistance in developing an alternative plan.

¹ Meets university general education requirement of 37 hours.

² College of Business selective admission course group (grade of C- or better; average GPA of 2.50 or better over the 10-course group).

³ Prerequisite for later required course.

⁴ College of Business core course.

⁵ Accounting major course group (grade of C or better in all program courses to graduate).

⁶ Meets the minor in business requirements.
